

Your Successful Business Starts Here

The National Science and Technology Development Agency (NSTDA), Thailand's leading R & D organization, is vital to strengthen Thailand's Industrial sector through superior capabilities utilizing science and technology. Research contributions and capability building are accomplished by promoting and pooling our strengths together through four National Research Centers: BIOTEC, MTEC, NECTEC and NANOTEC, and one Technology Management Center: TMC.

NSTDA Delivery Mechanisms

Managing the IP of NSTDA's four national research centers as well as promoting technology transfer and commercialization

Building the next generation of S&T human resources and facilitating technology transfer for industry

Providing S & T infrastructure

Enhancing Thailand's Industrial sector through the promotion and application of science and technology (S & T)

Promoting investment and reducing risk of doing R & D through Low Interest Rate Loan, Joint Venture, R & D STI-BOI Fund, 300% Tax Deduction on R & D expense

A Driving Force for National Science and Technology Capability

National Science and Technology Development Agency

Thailand Science Park

1st and fully integrated R&D hub
Phase II Open for Booking Now

The Thailand Science Park (TSP) was set up in 2002 as a fully-integrated R&D hub for science and technology. TSP currently houses the NSTDA headquarters, the four national research centers, namely BIOTEC, MTEC, NECTEC, NANOTEC

TSP comprising of around 300,000 sq.m. of built-up space is occupied by the 4 National research centers and more than 70 technology companies. The new Innovation Cluster 2 (INC 2) is the new building opened for rent since 2013. INC 2 can accommodate more than 150 companies.
